

NeuroRestorative Pennsylvania provides post-acute rehabilitation and specialized community living services for individuals with brain injury and other neurological impairments, including autism spectrum disorder, aging issues, cerebral palsy, multiple sclerosis, anoxia, stroke, aneurysm, encephalopathy, brain tumor, traumatic brain injury, seizure, and other neurological disorders. The outcome-driven programs and support services that make up our continuum of care are designed to help individuals regain independence in the most independent settings possible. As a leading, national provider of rehabilitative services, we have the expertise and resources of an organization on the cutting-edge of clinical care.

The continuum services provided is based on the needs and goals of each program participant, including:

- Home & Community
- Cognitive Rehabilitation
- Neurorehabilitation
- Physical, Occupational, Behavioral, Speech & Cognitive Therapy
- Medication Management & Administration
- Life Skills Training
- Family Education & Training
- Vocational & Productive Activities
- Supported Employment
- Neuropsychology
- Counseling
- Outpatient Therapies
- Community Integration

Residential Program

Situated on over nine acres of land, NeuroRestorative Pennsylvania's country setting in Fairview, a small community west of Erie, offers participants a relaxing atmosphere and many opportunities for recreational activities and community integration. Individuals we serve may choose to access our campus-based program or one of several small home environments located in the Erie area.

Home and Community Program

We serve people in the following counties: Allegheny, Armstrong, Beaver, Berks, Bucks, Butler, Chester, Dauphin, Delaware, Erie, Fayette, Greene, Lebanon, Lancaster, Lawrence, Lehigh, Montgomery, Northampton, Northumberland, Philadelphia, Schuylkill, Washington, West Moreland, and York.
